

ESG Sample – Mixed Text + Table

The following table summarises the company's core environmental KPIs for the reporting year 2024.

| KPI | Unit | 2024 |
|--------------------------------|------|-----------|
| Total GHG emissions (tCO2e) | | 123,400 |
| Total energy consumption (MWh) | | 500,000 |
| Total water withdrawal (m3) | | 1,200,000 |

Performance improved compared to the previous year, with a modest reduction in emissions intensity.
